## Alcohol and Drug Addiction Services Board of Lorain County (ADAS Board)

The ADAS Board is governed by an eighteen member volunteer board, all of whom are Lorain County residents appointed by the Lorain County Commissioners or the Director of the Ohio Mental Health and Addiction Services.

### Vision and Values

*We believe through our contract provider- and collaborative-partnerships (locally, statewide and nationally), consumers can move towards abstinence with positive life-style changes.*

*We believe that as stewards of public funds for alcohol, and other drug prevention, treatment, wellness and recovery services, our system needs to continually refine and learn from the behaviors and activities of our consumers and their families – as affected by the disease of alcoholism and other drug addiction.*

*We believe that a full continuum of care, including prevention, intervention and treatment is only the beginning of the foundation of recovery from the disease of alcoholism and other drug addiction.*
